RETAIL CLIENT AGREEMENT

1. TERMS AND CONDITIONS

1.1 INTRODUCTION

These terms and conditions are part of the Agreement between CMG Australia Pty Ltd (ACN 618 480 998 & CAR No. 001256635) (**we, us or CMG**) and you the client (**you or yourself**). They govern our dealings with you in our products listed in Schedule 1 of this Agreement.

You should carefully read this Agreement in its entirety, including all documents listed below, as well as our Privacy Policy (you can find this on our website).

The Agreement between you and us is constituted by the following documents:

- the Application Form;
- the Product Disclosure Statement (**PDS**);
- the Product Schedule and/or Commercial Terms Annexure, as applicable;
- the terms and conditions of this Agreement as set out in this document;
- the Commercial Terms Annexure;
- any additional terms and conditions issued by us and accepted by you, in connection with our dealings with you; and
- the market information that is located on our Trading Platform (together, the **Agreement**).

You are referred to other materials that explain the basis of our dealings with you, but which are not part of the Agreement, including:

- our Financial Services Guide (**FSG**); and
- our Website.

Transactions you enter into under this Agreement carry a high level of risk and can result in losses that exceed your initial deposit. Such transactions are not suitable for everyone. A full explanation of the risks associated with these transactions is set out in the Product Disclosure Statement and Product Schedule. You should ensure you fully understand such risks before entering into this Agreement or any transaction with us.

By signing and submitting the Application Form by post or electronically via our Website, or by taking any action consistent with your agreement to these Terms and Conditions, you confirm that you:

- have received, read and understood this Agreement and in particular, our current PDS; and
- agree that we will provide our products and services to you on the terms and conditions of this Agreement.

Contracts that arise out of the Positions we enter into with you under this Agreement are legally binding and enforceable. You must therefore read this Agreement carefully and seek professional advice, if necessary. We particularly draw your attention to those terms and conditions which deal with Margin, those that set out our rights to terminate and/or close out a Position and those that relate to the termination of this Agreement and closing of your Account, as you need to clearly understand these important terms and the implications arising from your failure to comply with these conditions.

1.2 **WHO ARE WE?**

AxiCorp Financial Services Pty Ltd has authorised Corporate Authorised Representatives (which are Companies) and Authorised Representatives (who are Individuals) to provide financial services. As the licensee, AxiCorp is responsible for the service you receive from our representatives and us.

CMG Australia Pty Ltd. is authorised, as well as its nominated representatives, by AxiCorp to provide the following financial services to retail and wholesale clients:

- deal in foreign exchange contracts and derivatives;
- provide financial product advice in relation to foreign exchange contracts and derivatives;

To the extent that we authorise our representative to do so, your adviser can help you to apply for the financial products referred to the above and can also give you general financial product advice in relation to them. If your adviser is unable or unwilling to provide you with advice or services in respect of certain products, the adviser will refer you to another representative of AxiCorp, who should be able to assist you.

1.3 **ALL TRADES AT YOUR RISK**

We are under no obligation:

- (a) to satisfy ourselves as to the suitability of any Position for you;
- (b) to monitor or advise you on the status of any of your Positions;
- (c) prevent you from trading beyond your means or ability or to protect you; or
- (d) to close any open Position.

All Positions will, therefore, be made at your own risk and we will not be liable to you to the maximum extent permitted by law in accordance with clause 11.

Before you begin to trade with us, we will provide you with a clear explanation of spreads, fees, funding and other charges for which you will be liable. You should appreciate that these charges will affect your trading net profits (if any) or increase your losses. We will provide you with risk disclosure information which you should read carefully and you should not rely on any information to the contrary from any other source.

You acknowledge that no promises have been made by CMG, AxiCorp or any individual associated with us regarding future profits or losses in your Account. You understand that trading involves a substantial risk of loss and that many people lose money trading.

To the extent that that you trade in the Products offered under this Agreement pursuant to a system, course, program, research or recommendations of an Introducing Broker or another third party, you acknowledge that there is a substantial risk of loss and reliance on the information and

resources provided by an Introducing Broker or another third party will not necessarily result in profits or limit losses.

Because the risk is high in trading of the Products, only genuine “risk” funds should be used in such trading. If you do not have the extra capital that you can afford to lose, you should not trade in the markets in respect of the Products.

1.4 **OUR TRADING SERVICE**

Our trading service is an online service and you specifically consent to the receipt of documents and information about us and our services, costs and charges and our notices via email, website or other electronic means. Upon your request we will send you the PDS and FSG in paper form at no charge.

You acknowledge that in the event that you are unable for any reason whatsoever to open or close a Position because of difficulties you may be having with our Trading Platform, you will immediately telephone our Support Desk on +61 2 4036 3165.

3.3 **NO RIGHTS IN UNDERLYING INSTRUMENT**

A Position does not entitle you to any rights in relation to the Underlying Instrument being traded and you will not be entitled to any rights in respect of any Underlying Instrument. This means that you will not own or have any interest in the instrument, Index, Commodity, currency, futures contract or Bullion, or other instrument or asset or factor in the subject of the Product.

3.4 **CURRENCY**

- (a) All Positions will be entered into in the currency specified for the trade and will be converted into Australian dollars at the previous day's official closing Exchange Rate for the purposes of calculating the components of your account summary.
- (b) All payments made by you to us and by us to you will be in Australian dollars unless otherwise agreed.

3.5 **OPPOSING POSITIONS**

Subject to Schedule 1, you may run opposing Positions in the same market, and a Position in a market where you have an opposing Position already open will automatically be deemed to be an instruction to close out the earlier Position (to the extent of any overlap).

3.6 **MATERIAL ERRORS IN PRICES**

- (a) It is possible that an error, omission or misquote (**Material Error**) may occur in the pricing of a Position. We will determine whether a material error has occurred, acting reasonably.

If we determine that a Position is based on a Material Error, we reserve the absolute discretion to:

- (i) amend the terms and conditions of the relevant Position to reflect what we consider to have been the fair price at the time the Position was entered into had there had been no Material Error;
 - (ii) close the trade and any open Positions resulting from it; or
 - (iii) void the contract entered into in relation to the Position.
- (b) We will exercise the right in paragraph 3.6(a) reasonably and in good faith. To the extent reasonably practicable, we will give you prior notice of any action we take under this clause; but if this is not possible we will give you notice as soon as practicable afterwards.

3.7 **CLOSE OPEN POSITIONS**

In some circumstances, we may be unable, after using all reasonable efforts, to acquire, substitute, maintain, unwind or dispose of any Underlying Instrument we consider necessary to hedge or protect our exposure to the market and other risks arising from an open Position. In such circumstances, we may close that open Position at the Contract Price.

4. **MARGIN**

4.1 **INITIAL MARGIN**

Upon placing a trade that creates an open Position you are required to pay into your Account the Margin for that Position as calculated by us, as set out in the Commercial Terms Annexure (**Initial Margin**).

4.2 **YOUR MARGIN OBLIGATIONS**

- (a) You must pay to us such amounts of Margin as we may require under this Agreement.
- (b) It is your sole responsibility to monitor at all times the Margin deposited and the Margin or any necessary Margin required under this Agreement having regard to such matters as:
 - (i) your open Positions;
 - (ii) the volatility of any relevant Underlying Instrument;
 - (iii) the volatility of the relevant market and the markets generally;
 - (iv) any applicable Exchange Rate risk; and
 - (v) the time it will take for you to remit sufficient cleared funds to us.
- (c) You must always ensure your Account balance meets the higher of the Margin Requirement or the Minimum Margin Requirement.
- (d) We may, in our absolute discretion, provide you with further time to meet your Margin Requirements. Such permission will only be effective once confirmed in writing by us, and only to the extent specified in that written notice.

4.3 **CHANGING MARGIN PERCENTAGE**

- (a) We may vary the Margin Percentage in respect of any Position at any time by giving notice in accordance with clause 17.
- (b) Any variation of the Margin Percentage and/or increase in Margin or Margin requirement will be due and payable immediately on our demand.

5. **DAILY VALUATION**

5.1 **CONTRACT VALUE**

We will calculate the Contract Value for each Position, as at each Valuation Time during the term of a Position. The Contract Price for each Position at Close of Business is to be calculated in accordance with the relevant parts of Schedule 1.

5.2 **VALUATION**

If, at any Valuation Time:

- (a) the Contract Value exceeds the Contract Value at the preceding Valuation Time, the Short Party will pay to the Long Party such excess; and

- (b) the Contract Value at the preceding Valuation Time exceeds the current Contract Value, the Long Party will pay to the Short Party such excess.

5.3 **WHEN WE MAKE ACCOUNTING PAYMENTS**

Any payments due under this clause 5 will, subject to clause 9 of this Agreement, be made by us adjusting the Account with effect immediately after the relevant Valuation Time.

6. **CLOSING POSITIONS**

6.1 **GENERAL**

- (a) You may provide instructions to close out a Position at any time which we will action as soon as reasonably practicable. We will determine the Contract Price at the time of closing of a Position in our commercially reasonable discretion.
- (b) Details of the last day and time for closing out a Position are available on request. It is your responsibility to be aware of the last day and time for closing out a particular Position.

6.2 **AUTOMATIC CLOSURE**

A Position will close automatically on the fifth anniversary of the date on which the Position was first entered into.

6.3 **TIMING OF PAYMENTS**

Any payment due by either us or you under this clause 6 in respect of dates on or after the Closing Date will be made by us adjusting your Account at Close of Business on the Settlement Date. If you have insufficient funds in your Account to meet a payment obligation, you must immediately pay to us as a debt an amount equal to the shortfall.

6.4 **DIFFERENCE IN BUY AND SELL PRICES**

You acknowledge that you understand that there may be a difference between 'buy' and 'sell' prices you are quoted on closing a Position than on opening a Position.

6.5 **PROFIT AND LOSSES**

You also acknowledge that you understand that a payment will pass between us equal to the difference in value between the Opening Value of a Position and the Contract Value at the time the Position is closed out. If you make a profit we must pay a sum to you equal to that profit. If you make a loss you must pay to us a sum equal to that loss.

7. **REPRESENTATIONS, WARRANTIES AND UNDERTAKINGS**

7.1 **YOUR WARRANTIES**

You represent, warrant and undertake to us, at the time of entering into this Agreement and each time you provide instructions to us:

You may request for information as to the precise nature of such remuneration; and

10. DISPUTE RESOLUTION

10.1 INFORMING US ABOUT DISPUTES

You should inform us immediately in writing of any Dispute. We will endeavour to investigate and resolve any Dispute in accordance with our internal complaints handling system. You should contact us for information on how complaints are handled by us internally.

10.2 HOW DISPUTES ARE DEALT WITH

- (a) If the matter is unable to be resolved by us to your satisfaction in accordance with our internal complaints handling system and you are a retail client in respect of the transaction that is the subject matter of your complaint, you may then refer the Dispute for external dispute resolution to the relevant external dispute resolution scheme. In Australia, this is the Financial Ombudsman Service (**FOS**) for determination.
- (b) If you elect to refer your complaint to FOS (or equivalent), you hereby consent to and authorise us to disclose such Personal Information about you including, without limitation, records of telephone conversations between you and us as we, at our absolute discretion, deem appropriate or necessary to enable us to detail, defend or make our case in the dispute resolution process.

10.3 CONTINUANCE OF PERFORMANCE

Despite the existence of a Dispute, the parties must continue to perform their respective obligations under this Agreement, unless the parties have agreed otherwise. If you have submitted your complaint to FOS (or equivalent), you are still required to do what you can to mitigate your losses. If we agree to submit to an independent dispute resolution scheme, this does not constitute a waiver of any default by you.

11. LIABILITY AND INDEMNITY

- (j) any errors, actions or inactions of any Introducing Broker, Associate or any other third party.

We may amend or replace this Agreement at any time by giving written notice to you of the changes. You may amend this Agreement with our written consent.

12.2 **TERMINATION**

Notwithstanding any other termination rights we have under this Agreement, we may immediately terminate this Agreement at any time by giving written notice to you. You may terminate this Agreement at any time by giving ten Business Days' written notice to us. Your Account will be closed as soon as reasonably practicable after the expiry of the termination notice period, with all open Positions, or orders cancelled, and all of your obligations discharged.

12.3 **RESERVATION OF RIGHTS**

If you provide notice to terminate this Agreement under this clause 12, we reserve the right to refuse to allow you to enter into any further Positions or orders which may lead to you holding further open Positions during the termination notice period.

13.2 **EFFORT TO OVERCOME**

A party claiming a Force Majeure Event must use reasonable endeavours to remove, overcome or minimise the effects of that Force Majeure Event as quickly as possible. This does not require a party to settle any industrial dispute in any way that it considers inappropriate.

13.3 **TERMINATION**

- (a) If a Force Majeure Event continues for more than five (5) Business Days, either party may terminate this Agreement immediately by giving written notice to the other party; and
- (b) In the event of termination under paragraph (a), neither party is liable to the other except to the extent of rights or obligations which accrued before the termination.

13.4 **ADDITIONAL ACTIONS**

Notwithstanding clauses 13.2 and 13.3 above, if we determine that a Force Majeure Event exists then we may (without prejudice to any other rights under this Agreement and at our sole discretion) take any one or more of the following actions:

- (a) alter normal trading times;
- (b) alter the Margin Requirement;
- (c) amend or vary this Agreement and any transaction contemplated by this Agreement, including any Position, insofar as it is impractical or impossible for us to comply with our obligations to you;

13.5 **LIABILITY**

- (e) inform us immediately of any system defect, or any unauthorised access to an Electronic Service or any unauthorised transaction or instruction which you know of or suspect and, if within your control, cause such unauthorised use to cease and cease all use of such Electronic Service until you have received permission from us to continue.

14.3 **SYSTEM DEFECTS**

In the event you become aware of a material defect, malfunction or virus in the system or in an electronic service, you will immediately notify us of such defect, malfunction or virus and cease all use of such electronic service until you have received permission from us to resume use.

You will not copy, interfere with, tamper with, alter, amend or modify the Electronic Services or any part or parts thereof unless expressly permitted by us in writing, reverse compile or disassemble the Electronic Services, nor purport to do any of the same or permit any of the same to be done, except in so far as such acts are expressly permitted by law. You must ensure that all the licensors trademarks and copyright and restricted rights notices are reproduced on these copies. You must maintain an up-to-date written record of the number of copies of the Electronic Services made by you. If we so request, you must as soon as reasonably practicable, provide to us a statement of the number and whereabouts of copies of the Electronic Services.

14.5 IMMEDIATE SUSPENSION OR PERMANENT WITHDRAWAL

We have the right, unilaterally and with immediate effect, to suspend or withdraw permanently your ability to use the Electronic Service, or any part thereof, without notice, where we consider it necessary or advisable to do so. In addition, your use of an Electronic Service will be terminated automatically, upon the termination (for whatever reason) of (i) any licence granted to us that relates to the Electronic Service; or (ii) this Agreement.

14.6 EFFECTS OF TERMINATION

If either party terminates your use of the Electronic Service for any reason, upon request by us, you must, at our option, return to us or destroy all hardware, software and documentation that we have provided you in connection with such Electronic Service and any copies thereof.

PART A.1 – FOREIGN EXCHANGE CONTRACTS: FX CONTRACTS

1. DAILY VALUATION

1.1 Long FX Contracts

If you are long on a FX Contract where the bought currency interest rates are higher than the sold currency interest rates you will receive interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the higher yielding currency. On the other hand, if you are long on a FX Contract where the bought currency interest rates are lower than the sold currency interest rates then you will

pay interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the lower yielding currency

1.2 Short FX Contracts

If you are short on a FX Contract where the sold currency interest rates are higher than the bought currency interest rates you will pay interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the lower yielding currency. On the other hand, if you are short on a FX Contract where the sold currency interest rates are lower than the bought currency interest rates then you will receive interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the higher yielding currency.

2. CLOSING POSITIONS

2.1 When can a FX Contract be closed?

A FX Contract may be closed out if:

- (a) You give instructions to close a FX Contract by entering into an equal and opposite Position irrespective of the date on which either Position closes automatically under clause 6.2 of the Agreement as follows:
 - (i) **Single Position Closing:** a single open Position can be closed by choosing the close button when you execute the trade online. The Position will be closed and offset by the opposite Position; or
 - (ii) **Close by Opposite Positions:** you can choose to close a Position by an opposite Position but not offsetting the two Positions. You can execute an opposite Position and both long and short Positions will appear in your trade account. You can choose to offset the Positions at a later time when you prefer.

We may exercise any of our rights under this Agreement to close a FX Contract at any time before the Position closes automatically under clause 6.2 of this Agreement.

2.2 Closure: Long and Short contract

If you are long and short on a FX Contract, with effect immediately after Close of Business on the Closing Date, we will close the relevant long and short Positions and record in your account the balance, if any, of your then outstanding long or short Position, as appropriate. If there is more than one Position in relation to the particular Underlying Instrument, we may close out whatever Position we consider appropriate.

2.3 Closure: Two or more FX Contracts

Where you have two or more FX Contracts:

- (a) which are in respect of the same Underlying Instrument; and
- (b) where you are in the FX Contracts as either the Long Party or the Short Party; we will with effect immediately after Close of Business on each Trading Day replace such FX Contracts with a single aggregated FX Contract equivalent to the total of the Contract Quantities of each FX Contract.  - (ii) If the Closing Date of an Index Futures CFD is other than a Trading Day, we will calculate the relevant Exchange Rate from the available exchange prices for another value date as we consider fair and reasonable.

2. MARGIN

2.1 Initial Margin

Initial Margin will be calculated as follows:

Initial Margin requirement = (Quantity of Contract Units x Contract Price) x Margin Percentage.

3. DAILY VALUATION: Rollover of index futures CFDs

A rollover will arise in Index Futures CFDs when the underlying front month futures contract is approaching the Expiry Date and we change our CFD pricing fee from the front month to the Next Serial Futures Contract. When the new price feed takes effect you will immediately create a gain or loss in your open Position. This profit or loss will depend on your Position size and the direction and price differential of the expiring Position and the new Position on which the price will be now based. You will be credited or debited with a Rollover Charge or Rollover Benefit that will fully offset the effect of the abovementioned profit or loss. For example, if you have made a profit on the change the new Contract Price feed you will receive a Rollover Charge which will offset the gain.

4. CLOSING POSITIONS

4.1 When can an Index Futures CFD be closed?

An Index Futures CFD can be closed by the same process as set out in clause 6.1 of this Agreement.

- (a) If the period from the date of the transaction to the Closing Date of the Index Futures CFD is, or is part of, a market standard period during which equivalent Positions are traded on the relevant exchange, as reasonably determined by us, such Index Futures CFD will be replaced with effect immediately after Close of Business on the Closing Date by an equivalent Index Futures CFD for the same market standard period to the replacement specified Closing Date. The Opening Value of that replacement Index Futures CFD must equal the current Contract Price of the replacement Index Futures CFD multiplied by the applicable Contract Quantity. The provisions of this Agreement will then apply to such Index Futures CFD, but this will not affect the automatic closing of an Index Futures CFD under clause 6.2 of the Agreement, with effect that the 5 year period will run from the date on which the original Index Futures CFD was first entered into, and when that Index Futures CFD closes automatically under this clause 4.2 it will not be reopened in accordance with this clause 4.2.
- (b) When an Index Futures CFD is closed by another Index Futures CFD under this clause 4.2 at Close of Business on the Closing Date of the original Index Futures CFD, we will calculate the difference between the closing Contract Value of the original Index Futures CFD and the Opening Value of the replacement Index Futures CFD and we will:-
 - (i) if the amount calculated as the Contract Value is greater than the amount calculated as the Opening Value, credit the difference to the Account; and/or
 - (ii) if the amount calculated as the Opening Value is greater than the amount calculated as the Contract Value, debit the difference from your account.

4.3 Closure: Long and Short Contract

If you are long and short on an Index Futures CFD, with effect immediately after Close of Business on the Closing Date, we will close the relevant long and short Positions and record in your Account the balance, if any, of your then outstanding long or short Position, as appropriate. If there is more than one Position in relation to the particular Underlying Instrument, we may close out whatever Position we consider appropriate.

- (a) which are in respect of the same Underlying Instrument with the same Closing Date; and
- (b) where you are in the Index Futures CFDs as either the Long Party or the Short Party; we will with effect immediately after Close of Business on each Trading Day replace such Index Futures CFDs with a single aggregated Index Futures CFD equivalent to the total of the Contract Quantities of each Index Futures CFD. Subject to clauses 6.2 of this Agreement and clauses 4.3 and 4.4 of this Part B.3, a Commodity CFD will close automatically at Close of Business on the Closing Date and not on the daily Close of Business:

- (a) If the period from the date of the transaction to the Closing Date of the Commodity CFD is, or is part of, a market standard period during which equivalent Positions are traded on the relevant exchange, as reasonably determined by us, such Commodity CFD will be replaced with effect immediately after Close of Business on the Closing Date by an equivalent Commodity CFD for the same market standard period to the replacement Closing Date. The Opening Value of that replacement Commodity CFD must equal the current Contract Price of the replacement Commodity CFD multiplied by the applicable Contract Quantity. The provisions of this Agreement will then apply to such Commodity CFD, but this will not affect the automatic closing of an Commodity CFD under clause 6.2 of the Agreement, with effect that the 5 year period will run from the date on which the original Commodity CFD was first entered into, and when that Commodity CFD closes automatically under this clause 4.2 it will not be reopened in accordance with this clause 4.2.
- (b) When a Commodity CFD is closed by another Commodity CFD under this clause 4.2 at Close of Business on the Closing Date of the original Commodity CFD, we will calculate the difference between the closing Contract Value of the original Commodity CFD and the Opening Value of the replacement Commodity CFD and we will:
 - (i) if the amount calculated as the Contract Value is greater than the amount calculated as the Opening Value, credit the difference to the Account; and/or
 - (ii) if the amount calculated as the Opening Value is greater than the amount calculated as the Contract Value, debit the difference from your account.

4.3 Closure: Long and Short contract

If you are long and short on a Commodity CFD, with effect immediately after Close of Business on the Closing Date, we will close the relevant long and short Positions and record in your Account the balance, if any, of your then outstanding long or short Position, as appropriate. If there is more than one Position in relation to the Underlying Instrument, we may close out whatever Position we consider appropriate.

4.4 Closure: Two or more Commodity CFDs

Where you have two or more Commodity CFDs:

- (a) which are in respect of the same Underlying Instrument; and
- (b) where you are in the Commodity CFDs as either the Long Party or the Short Party; we will with effect immediately after Close of Business on each Trading Day replace such Commodity CFDs with a single aggregated Commodity CFD equivalent to the total of the Contract Quantities of each Commodity CFD. The date on which such replacement Commodity CFD will expire automatically under clause 6.2 of the Agreement will be the latest of the Expiry Dates of each of the original Commodity CFDs.
